

Norway Council special meeting
Tuesday, November 18, 2025
Meeting held at St. Michael's - Norway

Land update - for cemetery
Neber owner of the land-died in 2022/2023, then things paused
Summer 2024-confusion with realtor ad survey
On hold
Estate of John-\$14,000 an acre, 2 acres \$28,000
The cemetery is a separate cooperation
Randy Schulte and Nick Schulte on the cemetery board
Need more board members for the cemetery
Cemetery board would make the final decision
Currently there are 400 unpurchased plots
Additional projects-landscaping, driveway, survey costs
Biggest cost is mowing
Any money coming from St. Michael's would be a donation
Motion to table Greg and Darrell

Music-
D&B acoustics
Kelynn gave a detailed description of what the new system would entail-see proposal from the company
This is the same company that did IC work
IC spent \$3000 fixed mics and frequency issue
Father asked-Do we need to replace the whole system?
Our system is old
Father's mic has been replaced
Does this included the parish center? Unsure, but did not think so
Looking at the list on the proposal that would could take off would bring the cost down by \$1600
Basically new everything would be \$31,000

Currently the biggest problem with the sound system is the chorus loft.
The backfeed would likely get better with a different frequency?

Questions-
Why do we have to wait?
Do we have to replace the whole system?

We need to be able to explain why we would spend this money.

HVAC \$18, 750

We need to consider the money donated by Bonnie

Next steps-

Get more proposals for the sound system

Possibly West Music and another bid

Also need to consider Hymn books

Kelynn will bring these bids to the Jan. Pc meeting, and we will be moving forward with some types of updates to the sound system this winter/spring.

Discussed the ac needs & Darrell will be getting 2 bids - he stated companies probably would not consider completing that project until spring. Father also brought up need to update ac for parish center as well, and Darrell confirmed it needs it and he will have that included in bid.
